

# TEASA Sunday

**Unity.** Armies that are fragmented never win battles. No do divided sports teams win games. Similarly, a house divided against itself cannot stand. On the night before His execution, the Lord prayed along these lines: *I pray that all of them may be one, Father, just as you are in me and I am in you. May they also be in us so that the world may believe that you have sent me.* In a divided world, He staked the credibility of His mission on Christian unity.

**Mission:** Through its wide ranging membership, TEASA is a fellowship of diverse ministry gifts and talents that are God’s gifts to serve the body of Christ. We partner together in mission, and to seek the common good of people in our neighbourhoods, in South Africa and around the world. Through different Commissions. We seek to encourage, inspire and equip Christians through Webinars, Conferences, publications and resources for the task entrusted to us: to proclaim the gospel of the Kingdom.

**Advocacy:** As South Africa re invented itself in the post Apartheid period, TEASA has continually made advocacy contributions in a wide range of public policy issues, as well as in the media and the courts. We continue to do so.
