

A case for honour

Criteria TEASA will use for honouring evangelical leaders

Introduction:

The 25th anniversary of **TEASA** offers an opportunity to celebrate the grace of God in and through the ministry of TEASA. The national executive saw the value of honouring leaders who have served the cause of Evangelicalism well in South Africa in the last 25 years. Those honoured will be those who have not only exemplified personal moral integrity, but will have provided leadership that has impacted the life of the church and nation, especially as regards those core essentials of evangelical belief as well as the mission of TEASA.

These core themes are.

1. Evangelism.
2. Exemplifying and championing a high view of Scripture
3. Prayer mobilisation
4. Pioneering and or championing ministry that advances biblical values in society.
5. Promoting Christian unity.
6. Prophetic witness in different spheres of life.
7. Servant Leadership

A four yearly occasion.

Every four years TEASA will celebrate evangelical leaders from all walks of life, as an occasion to highlight those themes, values and lessons that Evangelicalism will do well to embrace and live out.

With regard to process, these leaders will be identified in a participatory way by TEASA Denominational Church leaders as well as TEASA and its commission leaders. There may be a case for honouring others post humously.
